

1. Introduction

Following the implementation of the Markets in Financial Instruments Directive 2014/65/EU (“MiFID II”) and in accordance to the provisions of the Financial Services and Activities and Regulated Markets Law of 2017 (the “Law”) of the Cyprus Securities and Exchange Commission (“CySEC”), Eurivex Ltd (the “Company”) is required to provide to clients or potential clients in good time information on all costs and related charges. Such information relates to both investment services and ancillary services, including the cost of advice, where relevant, the cost of the financial instrument recommended or marketed to the client and how the client may pay for it, also encompassing any third-party payments.

When providing investment services to professional clients, the Company has the right to agree to a limited application of the detailed requirements set out in this policy with these clients, except irrespective of the investment service provided, the financial instruments concerned embed a derivative.

When providing investment services to eligible counterparties, the Company has the right to agree to a limited application of the detailed requirements set out in this policy, except when, irrespective of the investment service provided, the financial instruments concerned embed a derivative and the eligible counterparty intends to offer them to its clients.

2. Ex-ante Disclosure of Information on Costs and Charges

- A. For ex-ante disclosure of information on costs and charges to clients, the Company shall aggregate the following:
- all costs and associated charges charged by it or other parties where the client has been directed to such other parties, for the investment services(s) and/or ancillary services provided to the client. Third party payments received by the Company in connection with the investment service provided to a client will be itemised separately, and the aggregated costs and charges will be totalled and expressed both as a cash amount and as a percentage; and
 - all costs and associated charges associated with the manufacturing and managing of the financial instruments.

One-off charges and on-going charges as per the ones cited in point A(I) above, which refer to the cost of the product, will also be disclosed.

VI. Incidental costs

Where any part of the total costs and charges is to be paid in or represents an amount of foreign currency, the Company will provide an indication of the currency involved and the applicable currency conversion rates and costs.

- A. When calculating costs and charges on an ex-ante basis, the Company will use actually incurred costs as a proxy for the expected costs and charges. Where actual costs are not available, the Company will make reasonable estimations of these costs. The Company will review ex-ante assumptions based on its ex-post experience and will make adjustment to these assumptions, where necessary.
